# Workshop - Creating and validating the I4.0 maturity self-diagnosis model

Rui M. Lima, Cristiano Jesus  
(School of Engineering of University of Minho)

Curriculum Development  
of Master's Degree Program in  
Industrial Engineering for Thailand Sustainable Smart Industry

# Maturity levels (Acatech)

- **Computerization** - use of information technology;
- **Connectivity** - integration of IT tools;
- **Visibility** - sensors allow processes to be monitored from end to end;
- **Transparency** - digital shadow indicates the current situation;
- **Predictive capacity** - ability to simulate scenarios;
- **Adaptability** - ability to adapt continuously.
