Sustainable Supply Chain Management

MODULE 3 Session 1
Supply Chain Redesign
Workshop

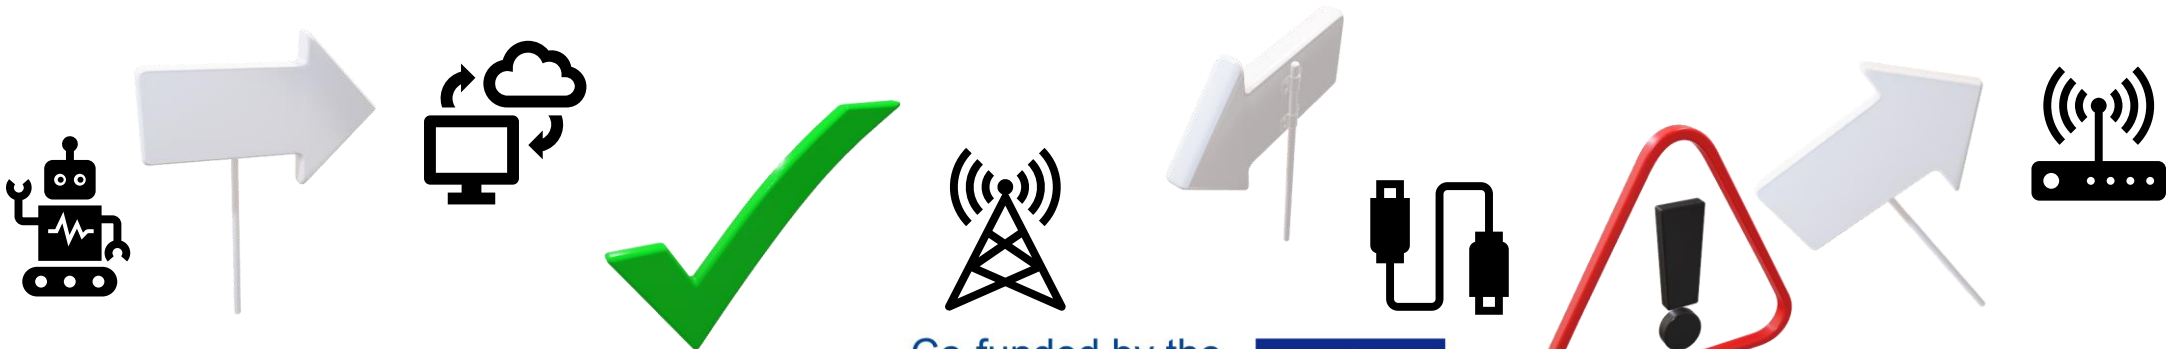

Curriculum Development
of Master's Degree Program in
Industrial Engineering for Thailand Sustainable Smart Industry

Based on knowledge from lecture:

S3-1. Write what technology (technology trend) is most important for the selected industry

S3-2. Write which DSC function is most important for the selected industry

S3-3. Indicate a technological solution (at least one) that will allow transforming the cluster supply chain into a digital network supply chain

Based on knowledge from lectures and individual reflections:

- Create a diagram of a cluster supply chain designed into a digital supply chain in the network (propose at least one technological improvement for the chain)
